OBJECTIVES

The client wants to show their work creatively through their website and wants to make strong impressions on the customer's mind about their brand. Also, they want to improve customer leads for inquiry.

SOLUTIONS

We have developed a customise theme according to their brand creativity and also re-design their logo. Plus we have added eye catching call to actions to increase leads and also add a whatsapp API to home page to connect instantly

BENEFITS

Benefits One

Increase the number of customer leads for inquiries

Benefits Two

Enhance the time spent on the site matrix.

Benefits Three

Improved the brand's online identity.
